

Existing Home Improvement Incentives

We want to help you improve the energy efficiency of your home. Higher energy efficiency means lower energy costs. Plus, you'll feel more comfortable in your home all through the seasons. Check out these incentives to see if they are right for you.

Electric Water Heater Rebate

\$100 for Gas-to-Electric Change-Out

Carroll EMC will pay you \$100 for replacing your existing gas water heater with an electric one. Here are the details:

- Customer is responsible for all costs associated with changing out the water heater.
- Invoice for new electric water heater must be submitted to Carroll EMC in order to receive rebate check. Rebate will be issued to customer within 10 business days. Rebate is \$100 for each gas-to-electric water heater change-out.

Contact Carroll EMC's main office at 770-832-3552 for more information.

Energy Resources Conservation (ERC) Loan

Up to \$5,000

Making your home more energy efficient could be as easy as caulking doors and windows and fixing leaky air conditioning ductwork. Or maybe you need a new high-efficiency electric heat pump. Here's where Carroll EMC's ERC loan can help.

- Loan limits from \$100 to \$1,500 for weatherization needs and/or up to \$4,000 for installation of a heat pump (\$5,000 total maximum)

- Fixed interest rate plus an application fee, with no prepayment penalty. Call for current rate.
- 5-year term for loan
- Security deed is required
- Initiated through Carroll EMC
- All energy conservation/weatherization related improvements on existing homes are eligible.

Energy Conservation (EC) Home Improvement Loan

Up to \$15,000

Sometimes improving home energy efficiency can require larger investments in energy-saving products such as insulation, double-paned or low-e glass windows or a super high-efficiency electric heating and cooling system. Carroll EMC's EC loan is here to help with these larger projects:

- Loan limits from \$1,000 to \$15,000
- Fixed interest rate, with no down payment, prepayment penalty, or application fee. Call for current rate.
- 5- and 10-year terms for loans under and over \$5,000, respectively
- Unsecured "signature" loan with quick turn-around
- Initiated through a participating contractor
- Electric HVAC, water heater, and other energy conservation/efficiency related products on existing homes are eligible.
